

Introduction :

PapChem International offers value chain products across the Nutraceuticals, Vitamins, Minerals, Pharmaceutical intermediates, laboratory Reagents & Specialty Chemicals segment. We are manufacturing base company and develop customized products on lab to plant scale in addition to our Nutraceutical & Pharmaceutical intermediates with established supply chain across the globe. We believe that our efforts to enhance the technology results in the complete client satisfaction by offering value-added products & services.

About Us :

The group established in the year 1992, with 30 + years of journey including 25 + years of experience in international trade. PapChem is a trusted leader in exporting high-quality products worldwide. Our long-standing presence in the global market has solidified our reputation for reliability, integrity, and excellence. Throughout the years, we have cultivated strong relationships with suppliers and partners across the globe, enabling us to deliver superior products that meet the diverse needs of our customers. Our extensive knowledge of international regulations and logistics ensures smooth and efficient export processes, providing peace of mind to our clients. At PapChem, our decades of exporting experience serve as a testament to our unwavering commitment to delivering exceptional quality and service to every corner of the world.

Our Infrastructure :

Our manufacturing plants located under Maharashtra Industrial Development Corporation (MIDC), Pune in the state of Maharashtra (India). This infrastructure is equipped with the entire requisite. Managed by a team of adroit professionals, our unit is backed by hi-tech machines and equipment that enable us to process a quality range of Chemicals. The highlights of our group are as follows,

- 4 state-of-the art manufacturing facilities with all types of engineering set-up.
- R & D Center and pilot plant of its best class.
- Fully equipped analytical laboratory.
- ISO 9001, KOSHER, HALAL, HACCP, GMP, FDA, FSSAI & Organic Certified companies.
- Global network for efficient supply chain.
- Highly qualified team of technocrats, experienced professionals and skilled workforce.

We are offering following Nutraceuticals, Vitamins, Minerals, Pharmaceutical Intermediates & Lab chemicals from our manufacturing facilities,

Product List	
Nutraceuticals & Vitamins I3A : Indole-3-Carboxaldehyde I3C : Indole-3-Carbinol DIM : 3'3 - Diindolylmethane DMG : N-N Dimethylglycine HCl PEA : Palmitoylethanolamide Theobromine Vinpocetine	Minerals Calcium Citrate Malate 22% Calcium Citrate 29% Calcium Butyrate Calcium Acetate Calcium Chloride Dihydrate Chromium Picolinate Iron Bisglycinate 20% Lithium Orotate 4% Magnesium Bisglycinate 11.7% Magnesium Glycinate 18% & 20% Magnesium Malate 15% & 20% Magnesium Citrate 17% Magnesium Butyrate Magnesium Orotate 6% and 7% Magnesium Ascorbate 6.4% and 10% Magnesium Lactate Magnesium Sulphate Anhydrous Magnesium Acetate Strontium Citrate 35% and 40% Zinc Citrate 30% Zinc Glycinate 10% and 30% Zinc Sulfate 22% Zinc Oxide Zinc Picolinate
Vitamin B Benfotiamine IH R5P : Riboflavin-5-Phosphate Sodium CDP : Calcium D Pantothenate Biotin 99% L-5 MTHF : L-5 Methyltetrahydrofolate Calcium L-5 Methyltetrahydrofolate Magnesium Calcium Folate	
Vitamin C Ascorbic Acid Ascorbigen Ascorbyl Palmitate Calcium Ascorbate Sodium Ascorbate Zinc Ascorbate	
Vitamin D Natural Vit D3 Powder (Vegan) - NLT 100,000 IU/g	

An ISO 9001, KOSHER, HALAL, GMP, FDA, FSSAI and Organic Certified Company

Product List

Laboratory Reagents & Specialty Chemicals	Botanical Extracts
Ninhydrin	Alpha Lipoic Acid Extract / Powder
Murexide (Ammonium Purpurate)	Amla Extract/Powder
Dithizone	AHCC Mushroom Extracts
Alloxan Monohydrate	Berberine Extract/Powder
Chloranilic Acid	Beta Carotene Extract / Powder
Barium Chloranilate	Collagen - Vegan
Chloramine-T	Curcumin (Turmeric) Powder / Extract
Barbituric Acid	Garlic Extract/Oleoresin / Powder
1-Hydroxybenzotriazole (HOBT)	Ginger Extract/Powder / Oleoresin
2-Nitrobenzaldehyde (ONB)	Grape Seed Oil / Extract / Powder
Lithium Chromate Anhydrous	Hyaluronic Acid
Lithium Chromate 35% Solution	Lemon Extract
Phthalimide & It's Derivatives	Lutein Powder / Extract
Phthalimide	Oleoresin Lycopene Extract / Powder
Potassium Phthalimide	Marigold Oleoresin
N-Hydroxy Phthalimide	Neem Extract/Powder/Oil
N-Methyl Phthalimide	Onion Extract/Oleoresin
N-Hydroxyl-Methyl Phthalimide	Papaya Powder / Extract
N-(2-Hydroxyethyl) Phthalimide	Psyllium Husk Extract/Powder
N-Chlorophthalimide	Quercetin
N-Propyl Phthalimide	Soya Extract/Powder
N-Butyl Phthalimide	Spirulina Extract / Powder
N-Isopropyl Phthalimide	Valerian Extract / Powder
1,2,3,6-Tetrahydrophthalimide	White Kidney Extract
3,4,5,6-Tetrahydrophthalimide	Zeaxanthin Powder / Extract

An ISO 9001, KOSHER, HALAL, GMP, FDA, FSSAI and Organic Certified Company

Our Capabilities:

With a state-of-the-art manufacturing facility, R&D centre, fully equipped analytical laboratory and highly qualified team of experts, our capability to develop customized products is unparalleled. We have references in North America, Europe, Japan, Korea, and Asia Pacific. Our products have been widely accepted for its quality, enabling us to serve our customer needs efficiently.

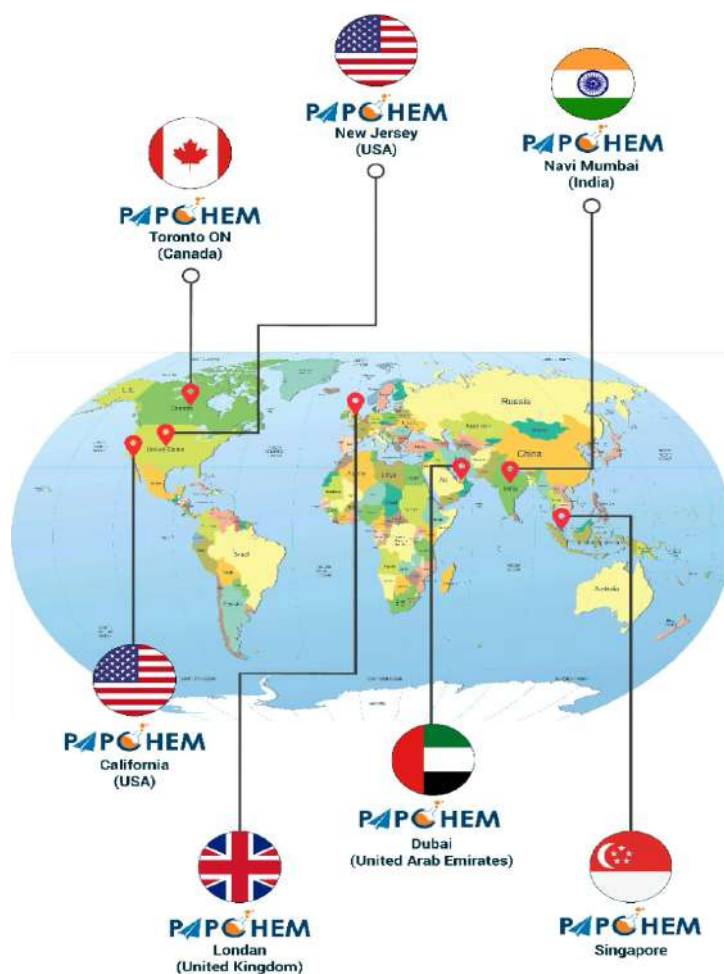

Research and Development:

We have developed a sophisticated world class R&D unit that enables us to cater to the ever-changing requirements of our clients. Our R&D experts keep themselves abreast with the technological advancements to make sure that our Chemicals meet clients' specific requirements. Our team has domain expertise in contract research, and an established track record of scaling up from gram to kilo and to scale for plant levels production.

Open for opportunities in product development and custom manufacturing
